## COLLAGEN CHP

Natural Hydrolysed Collagen With Hyaluronic Acid

- Visibly Reduces fine lines & Wrinkles

### A significant anti-wrinkle effect

- after 28 days of treatment, characterised by a significant decrease in the number of deep wrinkles (-19% on average). The Collagen CHP anti-wrinkle effect was observed in 71% of the subjects. Collagen and HA have a synergistic ant-wrinkle action.
- When taken orally, collagen and HA stimulate the skin to lift and tone sagging areas and minimize lines and wrinkles.

Clinically Tested in France

Directions: Adults take Two Capsules daily, preferably with food or as directed by your doctor.

Our nanotechnology collagen CHP has been tested by DERMSCAN an authorized clinical testing center approved by the French ministry of health.

- COLLAGEN CHP is a purified hydrolysed collagen. It is extracted from Quality sources by enzymatic hydrolysis.
- COLLAGEN CHP has a low molecular weight, making it water-soluble and fully digestible.
